### Are You Prepared?

If you live in a disaster-prone area, you can take certain steps before disaster strikes to help ensure the safety and well-being of your pets. Responsible dog owners should have certain supplies on hand year round in case of an emergency evacuation due to disaster. Keeping these supplies packed together in a convenient location will be helpful if you and your loved ones need to evacuate. The American Kennel Club recommends the following supplies:

Leash and collar with ID tags attached

Medical health records including a current vaccination record and rabies tag

Photocopy of AKC registration papers

Recent photo of your pet

At least a three-day supply of food, medication and water

Food and water dishes

Blankets or bedding

Crate

Favorite toys

Plastic "pick-up" bags

**AMERICAN  
KENNEL CLUB™**

The American Kennel Club also recommends permanent identification for your dog, such as a microchip or tattoo and enrollment in the AKC Companion Animal Recovery database. Keep this identification information with your other pet emergency supplies. Permanent identification will help reunite owners and their dogs and is especially important in a disaster-prone area.

For more information about disaster preparedness plans, please contact AKC Communications at [communications@akc.org](mailto:communications@akc.org)
