Susan London sent the following to the membership:

To the APC Membership,

I would like to thank the entire club; The Membership and The Board, for giving me the opportunity to judge Futurity/Maturity at the 2019 National Specialty. Th event was well organized, smoothly run and everyone was accommodating. The ring steward was kind, knowledgeable and helpful. Everything was conducted in a timely and professional matter. I appreciate the club's hospitality in compensating one night of my stay at the hotel, in addition to the generous "thank you" gift.

I have been an APC member for almost 20 years. I have missed very few National Specialties. For me, this experience was an enormous honor. I enjoyed my time in the ring from start to finish. I appreciate all the exhibitors who brought me their lovely dogs and trusted me to judge them fairly and correctly.

Thanks to Karen Blasche below is interesting information about “Promise” the Pointer who starred in the 1940 version movie of “The Biscuit Eater”.

Did you know that Promise the Pointer star in The Biscuit Eater was really the UK import **Tiverton Invader**? He was whelped Jan 7, 1938 and in the US sired 6 champions. He was owned by the Neale's of Hie-On Kennels in California. His best son, Ch Tryon Bing, sired 8 champions all out of

Ch Staber's Beauty, also a well-known California kennel owned by Grace Staber. Guess Hollywood came calling!
