## CONGRATULATIONS TO ALL

Motion to establish a Karen Blasche scholarship of \$1,000. To be awarded to a student in college or graduate school. The student must have been an active Junior handler and a member of the APC for at least one year before applying for this scholarship. There is no limit on the number of times the applicant can be awarded the scholarship.

This scholarship is to be awarded only in those years that the scholarship fund contains at least \$ 1000.00 by

December 31st of the preceding year.

If funding is insufficient, no scholarship will be awarded that year, and the money in the fund will be carried over into the following year.

If the funding in any year is in excess of \$1000.00, the excess will be carried over to the following year.

If the scholarship is not awarded for three successive years, the scholarship will cease to exist and any money remaining in the fund will be donated to the other American Pointer Club scholarship(s).

At no time will the American Pointer Club be responsible for funding this scholarship.
