NATIONAL FIELD TRIAL STANDING COMMITTEE

The National Field Trial Standing Committee (NFTSC) is the governing committee for all American Pointer Club (APC) field trials including the National Championship. **20081008-49-B** The NFTSC serves the Club and reports to the APC Board of Directors. This committee consists of eight APC members representing two geographic areas of the USA; four APC members from each Region shall be appointed to the committee via the committee chairman. The committee chairman is appointed by the APC President. The two Regions are defined below: **20070913-03-X Regions from 3 to 2**

- East Coast Region - All States east of the Mississippi River
- West Coast Region - All States west of the Mississippi River

The committee chairman appoints members to the standing committee. A person selected to the committee must be a member of the APC and have been either a chairman or secretary for a field trial as well as have served on a field trial committee. The committee membership as a whole should represent experiences in field trial judging, handling, and training.

The NFTSC will act as an "oversight committee" for all APC-sponsored field trials with exception to the National Championship. If no independent member club offers to host an APC field event as listed in the following sections, the NFTSC will assign one of its members as chairman to the event. All Committee Chairs and Committee members shall be members of the APC. The NFTSC has final approval for the trial chairman, co-chairman, secretary and committee members, judge selection, and grounds selection. The NFTSC shall act as mentor to field trial committees, as required or requested.

NATIONAL CHAMPIONSHIP

HISTORY

Such stakes would be held no more than once in each calendar year beginning in the fall of 1996. The winners of these stakes would be credited with championship points, and could be designated "National Champion of 20__" and National Amateur Champion of 20__.
