**FROM THE EDITOR**

Welcome Back...

Big shout out to the APC Board for approving a digital version of Pointer Points. The magazine will be published two-times per year, covering the National Specialty and the National Championship Field events. The magazines will be published on the APC website as downloadable PDFs so you can read the issue at your leisure or print out if you wish.

Thank you, to all who contributed to this issue with write-ups and photos. A special thanks to Susan Savage for organizing everything and helping me bring this first digital issue to life.

The next issue will feature coverage from the National Championship held on October 5-9, 2022. If there is something you would like to contribute, please feel free to contact me at pointerpointsmagazine@gmail.com

There will be NO advertising offered at this time, but who knows what the future brings. In the meantime, please enjoy our first digital edition.

Theresa M. Lyons, Editor

**Show Chair Report**

By Marjorie Martorella, President & ’22 Show Chair

The 2022 National is now a wrap. The week started with the Field events in AG Preserves in Glennville, GA. The committee headed by Tracy Black did a great job. Ash Oldfield worked magic to get the use of the field grounds at AG Preserve. She also took care of getting the birds for the trial. The lunches and dinner were exceptional. A successful auction was held with Edwin Shupp acting as the auctioneer.

Unfortunately, it was quite warm on Monday for the field trial and most of the dogs went birdless. The weather was a bit cooler on Tuesday for the hunt tests and several dogs did find birds. The grounds were beautiful as was the club house.

Tuesday evening in Perry started with Rachel Murphy organizing an impromptu “Taco Tuesday” for all Pointer people. I was unable to attend but heard it was a great success. I want to thank Rachel for doing this as it started the week on a positive note which was evident for the rest of the week’s activities.

Wednesday was dedicated to Agility. Unfortunately, none of the Pointers qualified. There was a nice entry in Pointers in conformation judged by Jamie Hubbard. The BOB Pointer went on to place in a very strong Sporting Group with lots of support from APC members. That evening we had a Welcome Party. Danny Seymour outdid himself. A wonderful spread was offered. Megan Vos had Welcome Bags for everyone.

On Thursday, we considered the Obedience Trial as qualifying for the National. There were entries in Beginner Novice A, Beginner Novice B and another in Novice B. All qualified.

The Breed competition started with Julie Pullan judging Sweepstakes classes. We supported the breed entry with Valdosta KC and Doug Johnson was the breed judge. He had a lovely entry of Pointers.

On Friday we dedicated the Rally Classes as qualifying for the specialty. Megan Lane judged our Futurity and Maturity classes. The conformation classes were judged by Charlie Obis. He had a very nice entry of 88 Pointers. His BOB winner went on to a group placement in a strong group, again cheered on by APC members.

That afternoon we had a Judges Seminar headed by JEC, Danny Seymour. There were several judges in attendance and after the classroom presentation, we went back to our ring for the “hands on” portion of the seminar. It was encouraging to hear the reasons for the choices each judge made in placing the 7 Pointers. Their explanations were detailed and let’s hope we will have some well-prepared future Pointer judges.

The annual meeting was held Friday evening and a quorum “plus” was obtained showing interest in club affairs. In addition to the review of the program of work, several reports of interests were presented by various Board members as well as discussion items from the floor.

Saturday was the day we were all anticipating. Just as Steve Herman was beginning to judge, the heavens opened up with a deluge of rain and also some thunder. Thank goodness we weren’t outside as it would have been a disaster!

That evening we enjoyed a lovely dinner and a fun
Show Chair Report

continued

auction with Dennis Brown being the auctioneer. Everyone seemed to have a pleasant evening wrapping up a busy week of activities. You can see all of the results in this issue.

Now I want to thank all of the people who made this National a success: Ash Oldfield who made our ring look beautiful with the fabulous silk flowers. Claire Abraham was assistant show chair and she pitched in wherever needed and always with a smile. She also had the club’s square and used it for apparel sales as well as at the auction on Saturday evening. Annie Westermann and Karen Mays were our Stewards and they kept things moving smoothly for our judge. Jane Johnston and Lillian Wittenberg did a great job with the apparel, again, Dennis Brown was auctioneer extraordinaire and was assisted by Richard Rogers. Incidentally, Richard housed all of the items from the ‘21 National as due to a severe storm that auction was cancelled. Thanks to Maggie Platt, Sarah Terns and Claire Abraham for keeping track of the items people bought at the auction.

We had to scramble to find tables for all the fabulous baskets that Jean Smith put on display for the Basket Raffle. It was truly amazing. Jean also designed the National logo. It was lovely and looked great on the apparel. Maggie Platt also had the tent/cooler and chair raffle that was very desirable for many.

Theresa Lyons also offered her professional talent to help design ads for the catalog. Claire Abraham sold catalogs and will be mailing them to those who so requested. Maggie Platt chaired the companion events. Additionally, she and Sarah Terns were tellers at the GM meeting. Karen Spey was the banquet chair, a job she excels in. Diane Townsend displayed the beautiful ribbons as usual. Lydia Frey was our trophy chair, Danny was JE Chair and also did the Welcome Party, Megan Vos did the Welcome Bags, Lee Ann Stagg was the Futurity Chair. Special thanks to Susan Savage who did the Premium List and compiled all the information for the catalog, made sure everything was constantly updated on the website and many other fine points that it would be impossible to cover everything she did.

I have to say that I felt this national was very different from others. Everyone was getting along and helping each other. The camaraderie was apparent. I also heard people commenting on how tired they were of the small minority that are always complaining and finding fault with everything. I hope this continues as the future of this club depends on it.

Annual Meeting
After a two-year delay due to Covid 1 I was really looking forward to judging Sweepstakes and it did not disappoint! The overall quality of my entry was outstanding. Thank you to all who entered their beautiful Pointers.

**PUPPY SWEEPSTAKES**

**6-9 month dogs**
1st: Very well put together puppy with a pretty head piece. Moved well. Went on to BOS in Sweeps
2nd: Nicely balanced puppy with a pleasing expression

**9-12 month dogs**
1st: Lovely o/w boy with nice little ears and excellent breed type. Covered ground well.
2nd: Very balanced and sound moving. Beautiful short tail and a strong top line.

**12-15 month dogs**
1st: Nice head and tail. Good bone. In great condition.
2nd: Nice type. A little straight in the shoulders but used himself well on the move.

**15-18 month dogs**
1st: Very pretty lemon girl with nice breed type. Lovely soft expression.

**7-10 bitches**
The depth of this class blew me away. Definitely the most difficult class to judge!
1st: Typey b/w girl with beautiful expression. In excellent condition for her age. Floated around the ring effortlessly. Went on to Best Veteran.
2nd: Beautiful solid black girl with great head piece and nice tapered tail. Very sound on the move

**10 years and over bitches**
1st: Very pretty lemon girl with nice breed type. Lovely soft expression.

**VETERAN SWEEPSTAKES**

**7-10 dogs**
1st: Very typey o/w boy in excellent condition. Beautiful on the go around. Went on to BOS Veteran
2nd: Lovely dog with great bone and substance. Clean lines and good balance.

**10 years and over dogs**
1st: Pleasing head and beautiful expression. Enjoyed his time in the ring. Great lashing tail on the move.

June 2022
Pointers Points - National Specialty Issue
American Pointer Club 2022 National Specialty

Thank You
to everyone who bought tickets!
2. #125: A complete package. Not fully into himself yet; I might fault this pup for his width of head but he makes up for it with his appearance of power for his age; muscular; strong and solid—created his excellent movement enabling him to be awarded winners dog over older competition.

2. #29: A little weaker head but better built than #3; correct length of back and loin; tapered front; faulted his front when moving.

3. #81: Good general appearance; pleasant head; balanced front and rear; narrow though and inefficient front movement.

9-12 Puppy Dogs

1. #33: Best overall picture; correct head and tail; would shorten back and loin; well-balanced and moved well on the side and down and back.

2. #19: Sound down and back; good proportions; head incorrect—had and impression of width and not good length; eyes not rounded; poor expression; excellent tail.

3. #23: Temperament issues held him back today; did not extend when moving; correct and pleasing head; croup fell off too much.

12-15 Month Dogs

1. #89: Classic silhouette with apparent tuck up; proper head and beautiful shape of body; good tail; faulty front movement—lifting instead of reaching; won the class on type.

2. #111: Long; heavy bone plain head; long tail; good side go as a result of his construction.

6-9 Puppy Bitches

1. #60: Adequate outline; best headpiece with lovely ear; good front as described in the standard; excellent free-flowing reach and drive; beautiful long neck springing cleanly from the shoulders.

2. #106: Very nice head with good expression and correct proportions; a little longer in loin; best side go, powerful, but not as smooth as #1.

3. #104: Competitive in many respects; balanced outline; ideal her standing; good head but not as strong as her sister’s; no fore-chest, so lack of reach in front.

2. #66: A fine package; would like a shorter loin and back; sound coming and going; good go-round; adequate reach and drive and balanced; lovely neck into shoulders.

6-9 Month Puppy Bitches

1. #17: Liver and white dog; back and loin somewhat long; carried himself well—good going around and down and back; smooth, powerful gait; strong hunting dog.

2. #55: Temperament not solid until end of class; correct shape; good movement in all directions; His uneven behavior and timidity took him out of contention for #1.

3. #73: All dog; excellent type; very poor front—lifting and moving wide.

4. #79: Pleasant; not all together in his movement; small; size not overcome by his other qualities; more than moderate length of loin and back.

2. #127: Very nice dog—difficult to fault; good head proportions and proper ears and eyes; sloping shoulder; balanced front and back; smooth gait; took him to Reserve Winner’s Dog! Litter mate to Winner’s Dog.

American Bred Dogs

1. #109: Good-headed; long back and loin; appropriate temperament; carried himself with powerful drive; held head high; balanced and smooth movement.

3. #57: Proper head; good proportions; correct tail; gait was off—poor impression of balance and build; straighter in front.

American Pointer Club 2022 National Specialty
Breed Judging
Judge Steven Herman

Amateur - Owner Handler Dogs

1. #115: Best all-around; somewhat narrow in body; proper, smooth movement; tail could be shorter; plain but proper headpiece; decent fill between front legs.

2. #71: Less pleasing movement; tail set low; croup fell off incorrectly; nice head construction.

3. #103: Good down and back; good profile—balanced with a short back; weaker head construction; narrow in body.

Bred-By-Exhibitor Dogs

1. #17: Liver and white dog: back and loin somewhat long; carried himself well—good going around and down and back; smooth, powerful gait; strong hunting dog.

2. #55: Temperament not solid until end of class; correct shape; good movement in all directions; His uneven behavior and timidity took him out of contention for #1.

3. #73: All dog; excellent type; very poor front—lifting and moving wide.

Open Dogs

1. #49: Most complete balance and symmetry; would like shorter loin; could refine head and tail; sound mover around and down and back.

2. #93: Nice shape with moderate loin; foreign looking head lacking appropriate expression; for power, could be more substantial; adequate tail.

3. #21: Bunched-up standing and on the move; roached topline; poor tail; cow-hocked going away; more Pointer type than #4.

4. #69: A plain dog; Also plain, but proper-headed; lacks fore-chest and depth of chest; good temperament.

Bred-By-Exhibitor Bitches

(My expectations were not met in this class. None totally sound in movement)

1. #102: Correct profile; proper length of loin and back; correct head and adequate tail; reasonable movement, but not totally sound on the side go.

2. #116: Solid liver of good profile; perfect tail and correct head; most like movement of #1; croup drops off more than moderately.

3. #26: Sounder-moving bitch; back and loin long.

4. #24: Sounder-moving dog also, but back and loin of improper length; overdone-head, bone and body length; the head was more than medium width; cheeks not clearly chiseled; flew more for a dog; bone somewhat rounded.

Open Bitches

(A very close competition between #1 and #2. Resulting ultimately in Winner’s Bitch and Reserve)

1. #60: Adequate outline; best headpiece with lovely ear; good front as described in the standard; excellent free-flowing reach and drive; beautiful long neck springing cleanly from the shoulders.

2. #100: Great outline; just right back and loin length; lovely breed type; good front also; fore-chest bold but not unduly so; proper tail; croup dropped moderately but tail set high; good lashing movement; back strong and solid.

3. #76: Pleasant bitch; longer loin and back; only adequate tail; plain but proper bitch.

Amateur Owner-Handler Bitch

1. #96: Proper proportions so nice silhouette; some roaching topline though; croup falls more than slightly so tail set low; moves narrowly, especially in the rear; correct head and tail.

June 2022
Breed Judging

continued

4. #46: Large-boned female; longer in back and loin; big in head; many of the same characteristics had by her litter sister in the Bred-by-Exhibitor class.

Veteran Dogs 9-11 Years:
1. #9: Good type but very long in loin and back; good side go; better tail.
2. #5: Steep angles but balanced; hackney gait.

Veteran Bitches 7-9 Years
1. #82: Excellent movement; good reach and drive but lift her front slightly; correct outline and back length; adequate tail and head.
2. #36: Best outline; did not move as well; lovely head; substantial bitch which affected her movement – not totally smooth.
3. #134: Somewhat narrow on down and back; adequate profile – proper length of loin; correct head; only so-so tail.
4. #94: Substantial bitch; somewhat “doggy”; longer ear; good shape and balance which produced powerful movement.

Veteran Bitches 9-11 Years
1. #72: Lovely bitch – very few faults; would shorten tail and make her fancier by chiseling her head; sound and smooth movement.
2. #74: Proper head and body shape; movement from all perspectives off; out of rhythm pace making a poor impression.

Field Trial Bitches
1. #6: Best balance and movement although not totally smooth; proper head; good length of back; good proportions; not easy go round.
2. #64: Struggled around; proper head and outline adequate tail; lacked power and propulsion; stifle somewhat straight.
3. #20: Long in back and loin which resulted in smooth side go.

Hunting Dogs
1. #85: Head adequate in appearance and for function; good neck and shoulders; chest deep; ribs well sprung; tuck up just apparent.
2. #67: More compact; acceptable headpiece; good chest and breastbone; balanced.

Field Trial Dog
1. #35: A dog for the field; athletic; compact and agile; good condition; full of desire to go; overall symmetrical; smooth moving and balanced.

Hunting Bitch
1. #146: Good expression; temperament not the best; somewhat timid; good neck and shoulders but loin is long; tail between legs; did not use her hindquarter strength.

Best of Breed #108:
This black and white bitch looks and acts like an upland hunter. She was compact, agile and graceful. Beautiful expression; outstanding head proportions giving that impression of length called for in the standard but not always present in many specimens. Good shoulders, deep chest and proper breastbone. Back strong and the loin was just right in length giving her a proper Pointer outline. Lovely gait with head up and tail lashing. You could envision her working a field. This bitch lifted my emotions and stood out even from a lovely set of bitch specials. At the end there was no doubt she would be the winner. Shown to perfection by her handler who did not miss a detail that made her stand out in all the above aspects.

Best of Opposite Sex # 63:
A young dog and full of potential. On the day he showed both his compact strength and agility. Correct expression. He is developing a body that will allow him to be an even better and proper mover – desire to go and be the hunter he is. Lovely headed. Proper slope to the shoulders. Chest already deep and good fill out in front of his legs. Correct outline when standing and moving. Good width of thigh. He had the angles for power on the move and balance.

Awards of Merit
A tribute to all the fine specials bitches presented to me. They were all girls.

#88: Smooth and balanced standing and gaiting; deep chest and good fill; solid back of moderate length and loin.
#56: A beautiful bitch that should never be penalized because of size; a perfect package of structure and movement.
#16: Strong back; feminine; good overall symmetry.
#124: Good head; balanced; muscular hindquarters.
#52: Honorable Mention: The Award of Merit I was required to withdraw.)

Smooth moving. He have the impression of strength and stamina. He was best male for all of this and his overall symmetry. I would be proud to own this dog.

Select Dog #7:
Best of Opposite Sex’s more mature competition. He had most of the same qualities with greater size. He was smooth moving and balanced. He gaited with power. Even-tempered. He helped his young owner win Best Junior Handler. The difference was his slightly longer loin.

Select Bitch # 78:
Hardly a fault to be seen. This bitch topped the balance of the fine female specials I had in my ring this day. She sported a correct headpiece. Lovely dark eyes of proper shape and size. She was compact and had a correct loin of moderate length. Nice tapered tail. Moving with no wasted motion. I would say only that she had a little less panache than the Best of Breed bitch.

American Pointer Club 2022 National Specialty
Field Trial
By Tracy Black (APC NFTSC Member) 2022 APC Field Event Chairman

This year’s field trial and hunt test, in association with the 2022 APC National Specialty, were held at the AG Preserve in Glenwood, Georgia. AG Preserve is a privately owned gun club that has hundreds of acres of Piney Woods.

Our judges were Bill Brent and Earl Fowls. Special thanks to our judges as they spent many hours in the saddle watching our dogs perform in the field. A special thanks to their wives for assisting us in the planning process as both couples had been to the grounds before.

Mid-April is post hunting season in this part of the US, hence, the conditions were very challenging for both dog and handler alike. This was mostly due to the time of year with green, pollinating, thick cover. Lack of wind affected the early braces, especially for the field trial. High heat dominated the later braces for both events.

It takes many hands to make these types of events happen, especially when most live out of state! Thanks a million, to our committee members for stepping in when needed: John & Peggy Albee, Debby Freidus (Secretary), Ash Oldfield, Mick Osman, Kathy Shorter, and Kimberly Yocklin. We owe a big debt of gratitude to our volunteers who helped make these 2 days successful. The following are not listed in a particular order; lunch was prepared by Karen Spey and Tracy Black; dinner grill masters were Howard and Karen Spey; Tracy Black donated the catalogs; Ash Oldfield for securing the grounds and arranging for birds, Payton Cundy and Mick Osman for gunning, and grounds keeper Rueben for planting birds and driving the gallery wagon.

After the field trial, we hosted a judge’s dinner along with the announcement of placements, followed with a silent auction and traditional auction which was auctioneered by Ed Shupp. Trophies given to placing dogs were Spode biscuit containers with winning awards receiving an added set of wine glasses. Trophy and auction donations were received from many APC members. Thank you to the following: Claire Abraham, Peggy & John Albee, John & Erica Bandes, Tracy Black, Ted Blasche, Tom Crane, Yvette Thomas, Peter Benson, Mick Osman, Janet Hawkins, Debra Freidus, Tracy Black, Gay Dunlap, Debra Freidus, Marjorie Martorella, Laurie McCarty, Mick Osman, Chuck & Susan Savage, Angela Schillereff, Karen & Howard Spey, KC Shore & Jeremy Zellers.

Overall, it was a fun time catching up with old friends and watching the dogs in the field!
