Beast

CH Cumbrian Master and Commander

06/08/2012 - 11/30/2022

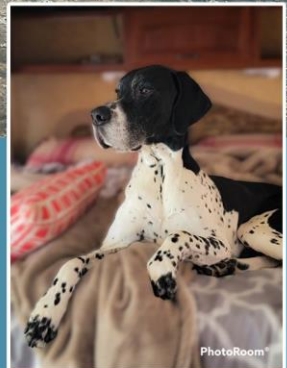

*If love could have
saved you,
you would have
lived forever.*

*We miss you
every day, Beast.*

A special thank you to Beast's Oncology care team at Heritage Animal Hospital, Madison Veterinary Specialists, and The Mizzou College of Veterinary Medicine. The care he received after his thyroid adenocarcinoma diagnosis helped Beast live his very best life right up to his final breath.

Nathan and Meghan Vos
