All users should note that, due to the volume of changes that affect this document, there may be motions on any particular issue that may have been made and not yet reflected in this document as of the date you are reading it. Due to the time involved in updating this manual, it cannot be continuously revised and will be revised several times per year and posted on the APC website. All users should check for new motions that affect whatever section they wish to rely upon.
Another set of rules that organizations find helpful are standing rules, which concern the administration of the organization. A main motion brings them into being, and they remain in effect until rescinded or amended. A common standing rule sets the time for a meeting.

Because main motions establish these rules, a majority vote adopts them. They can be suspended for the duration of a meeting by a majority vote, and they can be rescinded by a two-thirds vote without previous notice or by a majority vote with previous notice. These rules remain in effect until the assembly rescinds them.

When an organization adopts motions that are for a lasting duration, the secretary should add them to a book entitled “Standing Rules.” Many standing rules are adopted by a resolution instead of a main motion. The secretary should record each motion or resolution in its final version as adopted, as well as the date that the rule takes effect. If the rule is adopted by resolution, then the “Resolved, that” phrase is dropped when recording it in the book. If the rule is later rescinded, the secretary should strike it out and make a notation stating when it was rescinded. By keeping a record of these motions, each new administration knows what they are required to do. A list of standing rules keeps continuity in the organization so that members do not need to perpetually ask long time member what to do and when.

If an organization does things “because that is always the way it has been done,” the organization should write these customs down so that everyone knows what to do. A custom, whether it is written down or it is continual practice of the organization, becomes a force of law and needs a formal motion to rescind it, just as if the assembly had enacted it. Perhaps the assembly enacted a custom many years ago, but members have forgotten the fact.

Sometimes organizations have different names for their rules. Instead of naming the document “Standing Rules,” they may call them “Guidelines” or “Policy Statements.” To figure out what vote is needed to amend or rescind standing rules, use this principle:

If the document or individual rule deals with parliamentary procedure, such as the order of an agenda or rules of debate, it is considered a rule of order. A two-thirds vote can suspend it from a meeting. A two-thirds vote and previous notice can change it.

If the document or individual rule deals with administration, such as giving out awards for achievement, it is a standing rule. It can be suspended by a majority vote for a meeting. Members can rescind it without previous notice by a two-thirds vote or a majority vote with previous notice.

HISTORIAN’S GUIDELINES

The person appointed annually by the President and approved by the Board of Directors to serve as Club Historian has the following responsibilities:

Collect and take necessary steps to preserve items of history pertaining to the American Pointer Club and to the pointer in general. These items usually are in the form of paper memorabilia, but may also be books, posters, items of clothing, tack, medallions, etc.

The historian is solely responsible for the safekeeping of these items, and must keep an updated list of the archival contents belonging to the club. This inventory should be addressed to the recording secretary, who in turn must present it to the board of directors at their annual board meeting along with the annual committee report of the Historian.

The inventory should be updated promptly as new material of interest makes itself available to the club through the historian. The names of the persons making the donations should be properly noted at the end of the report and also whenever feasible on the item donated itself. Books, newsletters, or yearbooks make ideal places to use the “donated to the American Pointer Club by” self-sticking printed labels.

At times there will be an accumulation of duplicated items in the collection. Depending on rarity, it is up to the good judgment of the Historian to keep multiple copies of items or to send them periodically to the corresponding secretary for placement for sale in the club’s “store”, or to place them for bidding in the annual auction. Either way, the club benefit is monetary and members purchase pointer history.
The Historian is responsible for sorting through all of the information accumulated in the archives and putting it into an easily accessed form for retrieval when necessary (file folders/plastic file bins sorted by year, subject, etc.). The scanning and cataloging of material to CD/Zip file by subject and year is a current undertaking by the Historian. It is an ongoing process as time permits. Photographs of National Specialty winners are sent to the Historian for archiving.

An annual budget should be made available to the Historian to allow for any expenses which may be incurred in the process of preserving club and pointer history. This would usually be in the form of oversize scrapbooks, printed labels, three-ring binders, archival plastic notebook sheets, index dividers, covered storage containers, hanging file folders, “archives” self-inking stamp, photocopying, etc. It is the prerogative of the Historian to provide these materials as a gift to the club or be reimbursed for them with proper presentation of receipts.

3. A copy of the Constitutional requirements

The Committee Chair will start the initial correspondence asking for names to be placed in nomination for each of the available Offices and the Board positions. Committee members should be given 15 days from the date of the Chairman’s letter to respond. Any member of the Nominating Committee may not be nominated unless they resign from the committee. 20210914-35 PM

The Chairman will compile a list of all of the candidates nominated for each position in the form of a ballot. The ballot will be sent to each Committee member for the members to vote for one person per position. Should there be a position that does not have a majority vote, another vote should be taken.

Should the candidate securing the majority vote decline the position, the Committee members should be informed so that the members may re-nominate for the position. A new vote should be taken for that position.

The Committee shall provide sufficient time for response to nominees, while adhering to the Nomination timeline.

All nominees should provide the Nominating Committee Chairman with a brief biographical sketch, not to exceed 150 words, outlining their qualification to be considered for the position. This sketch should be sent to the Chairman at the time of their acceptance of the nomination. The Chairman will forward these to the Recording Secretary to be enclosed with the ballot that is sent to the general membership.

The Chairman of the Nominating Committee will notify all committee members of the final results of their efforts.

Additional Nomination candidates will also provide the Recording Secretary with a brief biographical sketch, (not to exceed 150 words) with their nomination.

PUBLIC EDUCATION COMMITTEE

**Purpose:** Educate general public about the Pointer breed, and about the American Pointer Club as the AKC parent club for the Pointer breed in the United States.

**Scope:** Nationwide education thru approved events such as AKC member club “Meet the Breeds” events, high profile events, and local/regional events.

**Committee members:** The committee will consist of a committee chair, and a representative for the east coast, Midwest, and west coast regions.

**Reports to:** The committee chair will report to the APC events coordinator and submit financial reports to the APC treasurer.

**Responsibilities:** The public education committee will provide the educational material for all public education events. All APC members in good standing are able to and encouraged to facilitate local educational events, but must get approval from the Public Education Committee, and work with their regional representative. The material they use should be received from the PE committee, and the committee through their regional representative must approve any additional material or presentation. Any presentation costs must be pre-approved by the Public Education Committee (who will have such costs pre-approved by the APC board), or they will not be funded.

**Evaluation and Feedback:** The Public Education Committee will have questionnaires completed after each educational event and compile the information. The committee will also receive information from the website administrator pertinent to inquiries from the public. Using this data, the PE committee will submit their findings to the board each year along with their budget.

PUBLIC EDUCATION COMMITTEE GUIDELINES

**Event Request:** The APC Public Education Committee will provide the resources needed to make a presentation at approved events as follows:

Large events that require booth payment and other costs must be scheduled 6 months prior to the event, and preferably...
the year prior, so they can be included on the annual committee budget request.
Smaller “meet the breeds” or other local events must have 60 days prior approval, to ensure enough time to get materials to the presenters.
Information on the event must be submitted to the PE chair. Information submitted for approval must include: Name of organization holding event, purpose of event, name(s) of APC club members doing presentation. Any costs involved. Once approved, the information will be forwarded to the regional committee person, who will oversee or work with the local presenters, and if possible, participate in the event as well.
Presenters must complete a report and questionnaire at the end of each event, and through their regional representative, submit to the committee chair, along with any related paperwork or receipts.

**Materials Provided:** The Public Education Committee will provide the following materials for use at approved educational events:

- Booth banner- This is a vinyl backdrop banner to be used when pipe and drape are available from where it can hang. All care instructions must be followed.
- Brochures- Current official APC brochure to be handed out to the public.
- Coloring/activity sheets for children need to be printed. Any materials necessary for a successful event. Contact PE Chair for availability of materials.
- AKC educational brochures- covering a variety of public education topics as provided by the AKC.
- Booth rental, electric, and other costs as pre-approved by PE committee.
- Any other materials the APC board decides to provide the Public Education committee for distribution or use at approved events.

**Materials NOT Provided:**

The presenters, and not the club should provide tables, chairs, AV equipment, and other possibly needed materials. However, in some circumstances this is not possible, and if the request is made with the proper advance notice, rental of items such as these may be pre-approved by the board, depending on the circumstances.

**Pointer Ambassadors:** It is important that whenever possible, Pointer ambassadors are present. They should be:
- Even-tempered and able to handle being petted by hundreds of people of all ages.
- At least two or more ambassadors, to give them some resting time, as it is very tiring for them.
- Try to have as many of the colors represented as possible.
- Make sure they are freshly bathed and brushed, so they feel good to the touch.
- A list of Breeders will be provided for distribution. Personal referrals are not allowed, although a Presenter may circle their name or other referrals' names. Personal referrals’ names, depending on the needs and interests of the prospective/interested Pointer purchaser.

Pointer ambassadors should be available to the public under positive control of a handler at all times. “Free range” (x-pens or other similar) set-ups present a liability to the ambassadors and the APC. These shall not be used for interactions between dogs and the visitors to the booth. The “free range” areas may be used to provide the pointer ambassadors a break from the pressure and stress of booth interactions.

**Other Suggested Items to have on hand at booth:**
- Dog treats for dogs and hard candy for people (BOTH OF THESE ITEMS ARE FOR AMBASSADORS ONLY AT AKC EVENTS – NOT ALLOWED FOR PATRONS!)
- Facial tissues.
- Antibacterial hand wash.
- Pens.
- Water for presenters and ambassadors.
- Attractive table covering if table is used.
- First aid kit for presenters and ambassadors.

CHARITABLE DONATIONS

The APC makes charitable donations each year. These donations are for health and research for dogs, help for humans involved in the sport of dogs, veterinary and other scholarships, and education, etc. The money for these donations comes from our participation in the Purina Parent Club Partnership Program and individual APC membership donations. The APC donations vary in amounts, usually based on a small percentage of the club’s net profit for that year. If there is no profit, there may be no donation that year. In emergency situations the Board should make the decision.

When charitable donations are being considered, it is the Boards fiduciary responsibility to be sure the charities are legitimate and that the total, or almost total donated monies go to the cause being supported rather than to salaries, advertising, etc. One resource to evaluate charities is CharityNavigator.com

AWARDS

Plaques and Awards are given by the APC for accomplishments achieved each year. In order to be eligible to receive a plaque, an owner or co-owner must have been an APC member for at least 30 days before the date on which the award is earned (i.e., the date of the new title). In the case of annual statistical rankings achieved by the end of the year, the owner/co-owner must have been an APC member for more than half that year. All points earned towards rankings will count only while the dog is owned/co-owned by an APC member. Only those points earned while showing a Pointer will count towards APC awards. 20120425-11-BM

Reports are to be purchased quarterly from AKC for statistics for conformation/juniors, performance and companion events. These are to be distributed by the Treasurer to the appropriate statistical Chairs. 20120425-16-BM

The bench statistician keeps records attained from the AKC New Titles and the AKC PDF link for Pointer Conformation Results electronic subscription files for the calendar year January 1 – December 31 in the following categories:

Champions and Titleholders List; Dog’s name, sex, and owner(s) name(s)
Top Ten Group Placing Pointers
Top Ten Breed Pointers
Breeder (most Ch’s) and Merit Breeders (3 or more Ch’s) of the Year – Conformation
Pointer Sire (most Ch’s) and Merit Sires (5 or more Ch’s) of the Year – Conformation
Pointer Dam (most Ch’s) and Merit Dams (3 or more Ch’s) of the Year – Conformation

FINAL membership list should be kept up to date with their addresses and phone numbers online by the Recording Secretary with a shared responsibility with the Treasurer, as that office updates the membership following renewal of dues, to determine who qualifies for the above APC annual awards. and keeping a current roll of the members of the Club in good standing.

Recent Policies & Procedures changes indicate a person must have been a Club member for more than six months of the year to qualify for top or merit breeders, sire, dams, etc awards, and a member must have owned or co-owned a Pointer for the year in question to be eligible for APC awards.

Upon completion of all statistics, files must be forwarded to the Awards/ Plaques & Certificates Chairmen for preparation of annual awards. A detailed breeder, sire and dam list is then compiled to be published in the National Specialty catalog.
and posted on the website.

A committee report containing the above completed statistics and other relevant info is submitted to the Recording Secretary for inclusion at the Annual Board Meeting.

The statistics are calculated for EVERY show in which a pointer competes, listed in a ledger, kept by month as it appears in the AKC Pointer Conformation electronic Quarterly Reports. Headings for each month are: NAME of Best of Breed pointer; line info found on; SHOW name; DATE of show; POINTS won (total pointers entered in breed minus itself; i.e., if 15 competed, BOB gets 14 points; if pointer entry is 1, BOB gets 0, but is listed anyway toward that dog’s total times BOB in Top Ten statistics. A space is left in the heading row in case a dog places in a group or wins BIS; i.e. GR-3, 122 points…meaning all points in Sporting Group EXCEPT those earned by the breeds finishing 1 & 2 in the group ahead, and minus 1 (itself) in the pointer totals. A GR-1 would get all of the Sporting Group breed totals, minus 1 (itself) in pointers. BIS would get total number of dogs entered in show, minus 1 (itself).

Corrections are no longer issued, therefore any Pointer errors, or any Sporting Group placement errors in which a pointer figured by winning a group placement and then adjusted accordingly can no longer be noted in the ledger.

At the end of the CALENDAR year (January 1 through December 31), each dog’s totals are added by BEST OF BREED points and arranged 1 through 10. If there is a TIE in points, the dog with FEWER times Best Of Breed would place AHEAD of the other because he won his points in greater competition.

TOP TEN GROUP placing pointers are figured the same way, with the list showing total group (& BIS/BISS) points, plus how many Best In Show/Specialty Best In Show, Group 1, Group 2, Group 3 and Group 4 placements for informational value. Note: In this listing, if a dog wins BIS, he would also be credited with winning a Group 1, which of course, he did. Should he win an independent national specialty or specialty show, it would be marked as a BISS AND given all the breed points (minus one, itself) as well as be counted toward the Group Points total under BISS.

AKC OUTSTANDING SPORTSMANSHIP AWARD

In the American Kennel Club’s ongoing efforts to recognize and celebrate its volunteer club members, the AKC Outstanding Sportsmanship Award program was established in 2006 to provide each member club with an AKC Medallion to award to one of its own on a yearly basis.

This award honors those individuals who deserve special recognition that have made a difference in the sport of purebred dogs, embodied the AKC Code of Sportsmanship, and have been an active and valued member of an AKC member club. Medallions are awarded solely at the club’s discretion.

NOMINATIONS & VOTING:

Nominations: AKC Sportsmanship Award will be solicited in the newsletter before the February 1st deadline. At the annual Board meeting submitted names will be presented. Board members may submit one name at the meeting.

Voting: Each board member may vote for one name only. If there is a tie there will be a second vote to break the tie. If no names are submitted by the membership or board, it is not mandatory that the award be given. Voting of the Board will be by a closed vote. 20090922-63-CM

AGILITY AWARDS – RULES AND PROCEDURES

A Pointer must be owned or co-owned by a member of the APC for the year in question in order to be eligible for APC Agility Awards.

- Pointers are ranked 1st-5th in the categories of Novice, Open, and Excellent.
- Each category combines Standard, Jumpers with Weaves, Preferred classes and jump heights.
- The Pointer with the most overall points is the Top Agility Pointer in each class. Pointers earn points based on the number of dogs in their jump class and the placement.
- For example, in a class of 10, 1st place = 10 pts, 2nd place = 9 points, 3rd place = 8 points, and 4th place = 7 points.
- Qualifying scores without a placement = .5

The AKC/APC Top Dogs Ranked in Agility Events is calculated using the AKC Top MACH/PACH Dog formula: (Double Q’s x 10) + MACH/PACH (Master Agility Championship/Preferred Agility Championship) points that dogs have earned during the qualifying period. Dogs must have competed and qualified in Master (formerly: Excellent B) classes to be eligible for both APC and AKC Agility Top Dog ranking.

Dogs running in the Masters classes, Regular or Preferred, MUST receive perfect scores of 100 - in order to qualify, therefore, the point totals for each dog reflect the total of all MACH/PACH points earned for each qualifying run during the period. One MACH/PACH point is awarded for every full second that the dog runs under the Standard Course Time in the Masters Standard and Masters Jumpers with Weaves classes.

Please note: Only dogs owned by current APC members are eligible for the APC Top Dog awards for each level. Eligible dogs, and their APC ranking are bracketed in bold face type, as a separate distinction from the numerical rankings of each registered Pointer currently competing and, therefore, ranked by AKC. Also note that the APC point qualification period for all levels is based on the actual calendar year: January 1st to December 31st.; while the AKC qualification period for Top Invitational Dogs is July 1st - to June 30th of the following year.

APC Top Dogs in the Excellent, Open and Novice levels - Regular and Preferred, are determined by totaling the dog’s scores for each qualifying run - in the Standard and Jumpers with Weaves classes, at that level of competition. Dogs competing in these levels may earn qualifying scores with faults, which are deducted from the perfect score of 100. No speed (MACH/PACH) points are accumulated in these levels.

Please note: Scores earned in the "games" classes: FAST and T2B, as well as the new Premier Classes, are NOT included in the point totals for any level

TOP TEN POINTERS, BREED & GROUP

A Pointer must be owned or co-owned by a member of the APC for the year in question, in order, to be eligible for APC Breed & Group Awards.

The TOP TEN POINTERS for a given year shall be calculated by using the AKC link for Pointer Conformation Results electronic subscription Quarterly Reports (1st Quarter is delivered in April but contains actual show date records of Jan 1 thru March 31). The 4th Quarter is delivered in late January and contains October through December Pointer show results, completing the CALENDAR year.

Every show in which a Pointer competes shall be listed in a ledger, kept by month it appeared in the Quarterly Report. Headings for each month are: NAME of Best of Breed pointer; LINE found in Quarterly Report: SHOW name; SHOW: POINTS won, Pointers defeated in breed. If BOB is the only entry, zero (0) points are earned but dog is listed anyway as part of TIMES B.O.B. in Top Ten statistics. A place in ledger heading line is left open in case Pointer placed in group or won BIS; i.e. GR-4, 134 points…meaning all points in Sporting Group breeds except for the breeds placing in GR-1, GR-2, Gr-3. A GR-1 would get all Sporting Group’s breed points. Best in Show would get total number of dogs in show. At the bottom of each month’s ledger page, the number of BIS, BISS, GR-1, GR-2, GR-3 & GR-4 are tallied to be combined with other months for year’s totals in TOP TEN statistics. For bookkeeping ease, a separate page in ledger will name those Pointers placing in a group to be counted at year's end. Another separate ledger page will list those winning BIS w/dates, while another section of that page names those winning a BISS along with club name & date. Corrections are no longer issued by AKC, therefore any Pointer errors, or any Sporting Group placement errors in which a Pointer figured by winning a group placement and then adjusted accordingly can no longer be noted in the ledger.

At the end of the CALENDAR year, each dog’s totals are added by Best of Breed points and arranged 1 through 10. If there is a tie in points, the dog with FEWER times Best of Breed would place AHEAD of the other because he won his points in greater competition.

Top Ten Group Placing Pointers are figured the same way, with the list showing total group (& BIS) points, plus how many Best in Show/Specialty Best In Show, Group 1, Group 2, Group 3, Group 4 placements for informational value. Note: In this listing, if a dog wins BIS, he would also be credited with winning a Group 1, which of course, he did. Should he win an independent National Specialty, it would be marked as a BIS/SS AND Breed Points. There would be no Group 1 in this case only.

APC VERSATILITY AWARDS

A Pointer must be owned or co-owned by a member of the APC for the year in question to be eligible for APC Versatility Awards.

The APC Versatility Award (VA) & Versatility Award Excellent (VAX) shall be a 2 ½ inch medallion with the APC logo on the front.

There are two levels: VA and VAX. The point values assigned take into account the relative effort and training required of both Pointer and owner to achieve each title. The VA level is designed to be within reach of most Pointer owners and to recognize those dogs that have some achievement in EACH of three major areas (Conformation AND Performance AND Companion); plus something more than the minimum in at least one area (hence the requirement for a total of six points).

The VAX level is to designate those dogs of exceptional achievement. Probably less than one in twenty VA qualifiers will go on to VAX. Whether a CH-UD-SH or an OTCH-TD-SH with 5 bench points, or any other of the many possible combinations—these are truly versatile Pointers, with dedicated owners.

Points to remember:

1. The owner must apply to the APC for the VA or VAX award and must supply the required proof of the dog’s achievements. Acceptable types of documentation are listed below.

2. This program is **OPEN to APC members only** must own the dog in whole or in part.

3. Owners must be a current member in good standing with the APC at the time of application AND must have been a member in good standing at the time the dog earned its last qualifying title for the VA or VAX.

4. Only one medallion per dog shall be awarded at each level (i.e., only one VA, only one VAX) regardless of how many owners it has.

5. **ONLY AKC** titles or awards will be considered—NO CKC, UKC, NAVHDA, NADAC, American Field, or other organizations.

6. The "VA" & "VAX" is an unofficial (not AKC recognized) suffix. It can be used on pedigrees and in advertising, but not in catalog listing for official AKC competition.

7. APPLICATION FORMS may be obtained from Versatility Chair or online at www.americanpointerclub.org.

8. Awards shall be handed out once a year at the National Specialty during the Annual Awards dinner. **If you are unable to attend the National Specialty to pick up your award, please send $5 to cover shipping and handling, made payable to APC, Versatility Chairperson and your award will be mailed.**

Requirements needed for the VA award:
The dog must have at least 1 point in EACH area (Conformation AND Performance AND Companion). The VA requires a minimum of 6 points.
Requirements needed for the VAX award:

NATIONAL CHAMPIONSHIP

COMPLETE EVENT GUIDELINES ARE CONTAINED IN THE SEPARATE PERFORMANCE GUIDELINES DOCUMENT.

HISTORY

In 1994, the APC requested that the AKC grant permission to the APC to hold a National Championship Stake and a National Amateur Championship Stakes for Pointers. Such stakes would be held no more than once in each calendar year beginning in the fall of 1996. The winners of these stakes would be credited with championship points, and could be designated “National Pointer Champion of 20__ and National Amateur Pointer Champion of 20__.”

- The NFTSC must submit their completed National Championship application to the APC Recording Secretary to host the trial at least 10 months before in order for the BOD to give approval and before it is submitted to the AKC for approval.
- The NFTSC will be responsible for the actual budgeting of the event.
- The NFTSC may, at the committee’s discretion, invite other APC members to serve on the National Championship committee. These members must be listed as committee members in the premium list.

The application submitted to the APC Recording Secretary shall include the following:

- Date
- Exact location
- Budget for the trial - expenses and income
- Name and complete address of:

If an independent club has been approved by the NFTSC to staff and manage this event, the NSTFC shall act as the primary advisor for matters pertaining to the event. In this situation, the NFTSC is responsible for the oversight of the Classic and has final approval over the location, date, judging panel, stakes offered, field trial committee members, and budget of the trial. If no independent club submits a bid that meets the approval of the NFTSC for any given year, the NFTSC shall determine the date and location for that upcoming Classic, and will convene an Event Committee, which will be responsible for staffing and managing the event. The date and location of the Classic requires the approval of the Board of Directors.
• The NFTSC is responsible for approving the final selection of the judging panel. Any APC member may submit judge nominations to the NFTSC committee for consideration. Nominations should be sent to the NFTSC no later than one month prior to the National Championship preceding the proposed Classic.

• The Secretary for the Classic must submit a completed application to the APC Recording Secretary, no later than five months prior to the close date of the Classic, to allow adequate time for APC BOD approval, AKC approval, and advance promotion of the event. The application should be made within a month after the bid approval by the NFTSC.

NATIONAL SPECIALTY

COMPLETE EVENT GUIDELINES ARE CONTAINED IN THE SEPARATE PERFORMANCE, COMPANION AND NATIONAL SPECIALTY GUIDELINES DOCUMENTS.
A completed application, according to the National Specialty Guidelines (found under separate cover), to hold a National Specialty be submitted two years prior, at the Annual Board meeting.

NATIONAL SHOW & FIELD FUTURITY RULES

The American Pointer Club (APC) National Show Futurity is held each year in conjunction with the APC National Specialty Show, on or between the dates of April 1st and June 30th, and the Field Futurity Stake is held each year in conjunction with the APC National Championship, on or between the dates of September 1st to November 30th. The Futurity Stake is open to all individuals with eligible puppies from nominated litters who have complied with the following rules:

ELIGIBILITY

Show Futurity: Litters are eligible to be nominated for one Futurity Stake only - for that year in which they have reached six (6) months of age as of April 1st and will still be less than eighteen (18) months of age as of that date. The year of the Futurity Stake will be indicated on the Nomination and Enrollment Forms furnished by the Futurity Chairperson, all of which are to be submitted (postmarked) along with the appropriate fees (made payable to the American Pointer Club) to the Futurity Chairperson on or before the dates specified. The Futurity Chairperson will fill in the appropriate year of the Futurity stake on the individual puppy enrollment forms.

Field Futurity: Puppies whelped on or after January 1st through December 31st of the current year will be eligible to compete in the Field Futurity two years later (e.g., January 1- December 31, 1999 will compete in the Futurity Stake in the year 2001.) The Futurity Chairperson will fill in the appropriate year of the Futurity stake on the individual puppy enrollment forms. Individual puppy enrollments to be submitted with the appropriate fees to the Field Futurity Chairperson (a member of the NFTSC).

NOMINATIONS

To be eligible to nominate a bitch and her litter for the Futurity Stake, at least one of the Breeders of Record of the litter must have been a member of the APC for the six (6) consecutive months immediately preceding the nomination. If there are additional Breeders of Record for the litter, and they were not APC Members, the bitch and her litter may still be nominated, but higher fees will apply.

When an APC member nominates his/her bitch and her litter, all puppies are automatically nominated in both the Bench and Field Futurities through the Litter Enrollment. It is then up to the individual puppy owner to continue enrollments in one or both of the Futurities. Bitch and litter nomination funds will go into the Bench futurity fund. The bitch and litter nomination and the first puppy nomination, if nominated in the field futurity, will be split between the bench and field futurities.

A. BITCH NOMINATION
   The Bitch Nomination Form, accompanied by the appropriate Bitch Nomination Fee, must be submitted before the litter is whelped. If all of the Breeders of Record were APC members for the six (6) consecutive months immediately preceding the nomination, the Bitch Nomination Fee will be twenty dollars ($20.00). If one or more of the Breeders were not APC members for the required six months, the Bitch Nomination Fee will be forty dollars ($40.00).

B. LATE NOMINATION OF BITCH
   A late nomination for a bitch will be accepted if submitted within thirty (30) days after the birth of the litter. The Late Bitch Nomination Fee, which includes a late penalty fee, will be a total of forty dollars ($40.00) if all of the Breeders of Record were APC members for the six (6) consecutive months immediately preceding the nomination. If one or more of the Breeders were not APC members for the required six months, the Late Bitch Nomination Fee, including a late penalty fee, will be sixty dollars ($60.00).

C. LITTER NOMINATION
   A Litter Nomination Form, accompanied by the appropriate Litter Nomination Fee, must be submitted within thirty (30) days after the birth of the litter. If all of the Breeders of Record were APC members for the six (6) consecutive months immediately preceding the nomination, the Litter Nomination Fee will be ten dollars ($10.00). If one or more of the Breeders were not APC members for the required six months, the Litter Nomination Fee will be twenty dollars ($20.00).
D. LATE LITTER NOMINATION
A late nomination for a litter will be accepted if submitted within thirty-one to sixty (31-60) days after the birth of the litter. The Late Litter Nomination Fee, which includes a late penalty fee, will be twenty dollars ($20.00) if all of the Breeders of Record were APC Members for the six (6) consecutive months immediately preceding the nomination. If one or more of the breeders were not APC members for the required six (6) months, the Late Litter Registration fee will be thirty dollars ($30.00)

ENROLLMENTS

To remain eligible for the Show or Field Futurity Stake, puppies from nominated litters must be individually enrolled three (3) times by the dates specified. Puppies to be nominated need to be entered separately for the Bench and Field Futurities. Late First and Second Enrollments of individual puppies will be accepted as noted below, but higher fees will be charged. No late Final Enrollments will be accepted. Please notify the Futurity Chairperson promptly of any changes in ownership and/or address for owners of enrolled puppies.

A. FIRST ENROLLMENT & LATE FIRST ENROLLMENT
The First Enrollment Fee of ten dollars ($10.00) must accompany the First Enrollment Form and be submitted before the puppy is three (3) months of age. The First Enrollment/Second Enrollment Forms for the individual puppies will be sent to the Breeder for distribution to the owners of the puppies. Late First Enrollments will be accepted if the First Enrollment Form is submitted before the puppy is four (4) months of age. The Late First Enrollment Fee, which includes a late penalty fee, will be twenty dollars ($20.00).

B. SECOND ENROLLMENT & LATE SECOND ENROLLMENT
Show: The Second Enrollment Fee of ten dollars ($10.00) must accompany the Second Enrollment Form and be submitted before the puppy is six (6) months of age. Late Second Enrollments will be accepted if the Second Enrollment Form is submitted before the puppy is seven (7) months of age. The Late Second Enrollment Fee, which includes a late penalty fee, will be twenty dollars ($20.00).
Field: The Second Enrollment Fee of ten dollars ($10.00) must accompany the Second Enrollment Form and be submitted before the puppy is twelve (12) months of age. Late Second Enrollments will be accepted if the Second Enrollment Form is submitted before the puppy is thirteen (13) months of age. The Late Second Enrollment Fee, which includes a late penalty fee, will be twenty dollars ($20.00).

C. FINAL ENROLLMENT
The Final Enrollment Fee of ten dollars ($10.00) must accompany the Final Enrollment Form. It must be submitted at least thirty (30) days prior to the date of the APC National Specialty Show & Field Futurity Stake for which the puppy has been nominated. The Final Enrollment Forms for individual puppies will be sent to the owners listed on the Second Enrollment Forms.

No late Final Enrollments will be accepted.

CHANGE OF OWNERSHIP

When puppies from Futurity-nominated litters are sold or transferred, Futurity eligibility is transferable to the new owners provided that Enrollment Fees are current prior to the change in ownership. Owners that acquire puppies from Futurity nominated litters are not required to be APC Members in order to maintain eligibility for the Futurity Stake.

SHOW EVENT ENTRY & ADDITIONAL RULES

Having completed the series of Nominations and Enrollments, the Pointer is eligible to be entered in the Show & Field Futurity Stake event.

A. ENTRIES
A Pointer that is entered in the Show Futurity Stake must also be entered in one of the regular or non-regular conformation classes, or in an obedience class, at the National Specialty Show with which the Futurity is held. The same official show entry form must be used, stating both ‘Futurity’ and the appropriate class division (i.e., ‘Futurity, Senior’) in the space designated for Additional Classes. The Entry closing date, by which time all entries must be received by the Show Secretary or Superintendent, and the amount of the Futurity Stake Entry Fee, will be stated in the Show Premium List.
B. ADDITIONAL RULES
Pointers that have completed their Championships are allowed to compete in the Show & Field Futurity Stake event—Professional handlers may show in the Show & Field Futurity Stakes. There are no restrictions requiring that the handler must be an owner or breeder of the Pointer exhibited. Non-APC Members are allowed to exhibit in the Show & Field Futurity Stake event. No professional handlers (per AKC definition) to handle in futurity/maturity, unless the professional is an owner or breeder, thus allowing the non-professional to handle any dog and professional handlers to handle only dog(s) personally owned or bred in futurity/maturity. Based on the advice of the Parliamentarian for member motion 20140411-32-MM regarding professional handlers in the futurity/maturity classes, this rule change will be effective for Futurity classes beginning at the 2016 National Specialty and for both Futurity and Maturity classes at the 2017 National Specialty. 20140514-37-PM

FIELD EVENT ENTRY AND STANDARDS

Having completed the series of Nominations and Forfeits, the Pointer is eligible to be entered in the Field Futurity Stake in the designated year, which was determined by its nomination.

A. The Field Futurity shall be run as a non-regular stake and judged using Derby standards. Derbies must show a keen desire to hunt, be bold and independent, have a fast, yet attractive style of running, and demonstrate intelligence in seeking objectives and the ability to find game. Derbies must establish point. A blank pistol must be used after a bird is flushed. A lack of opportunity for firing over a dog shall not constitute reason for non-placement when it has had game contact in acceptable Derby manner. Derbies must show reasonable obedience to the handler’s commands. Each dog is to be judged on its actual performance as its potential for a high-class bird dog for either Gun Dog or All-Age stakes.

B. The length of the heats will be thirty (30) minutes. The Field Futurity may be run on single or multiple courses.

C. Bitches in season may compete in the Field Futurity and shall be run last in the running order.

SHOW CLASS DIVISIONS

The Show Futurity Stake entrants will be judged in eight (8) Class Divisions, divided by sex and by age as of April 1st in the year of the Futurity. The Class Divisions for Dogs and for Bitches are:

- **Puppy**
  - Whelped on or after July 2nd and through October 1st (6 months and under 9 months as of April 1st)
- **Junior**
  - Whelped on or after April 2nd and through July 1st (9 months and under 12 months as of April 1st)
- **Intermediate**

- **Senior**
  - Whelped on or after October 2nd and through January 1st (15 months and under 18 months as of April 1st)

The eight (8) first place class winners will then compete for Best in Futurity and Best of Opposite Sex to Best in Futurity.

FIELD CLASS DIVISIONS

The Field Futurity Stake entrants will be judged in one stake only. There will be four (4) placements awarded in the Field Futurity, if the judges so decide. In the event the judges withhold a placement, those monies will be retained by the APC. The Bitch and Litter nomination and the 1st puppy nomination, if nominated in the field futurity, will be split between the bench and field futurities 20181231-42-BM

- Amended 2003

**APC SUPPORTED ENTRIES**

Notify the APC Event Coordinator (EC) of your intentions, so he/she can determine whether there are any other events which might conflict with your supported entry. You can check APC’s website, APC Recording Secretary, or Pointer Points magazine for the name of the current EC and his/her contact info. 20090922-60-CM

Contact the Show Chairman or Specialty Coordinator at the all-breed club in your area where you are interested in supporting the entry.

From the all-breed club Show Chairman or Specialty Coordinator, determine if they are interested in having a supported entry. Is the all-breed club willing to provide any of the following: some examples might be return $1.00 (or more) per entry to APC, provide rosettes for top placements, a larger ring, ringside trophy table, allow input of judge or choice of contracted judge.

The Show Chairman or Specialty Coordinator will determine the deadline for trophy descriptions to the all-breed club, for inclusion in the Premium List. This date can frequently be up to six months prior to the Show date. Include APC supported entry trophies (including sweepstakes and obedience, as appropriate) in the Premium List.

The Show Chairman or Specialty Coordinator will determine the deadline for inclusion of trophy donors in the catalog. This date can frequently be up to three months prior to the Show. Include the APC trophies in the catalog.

The Show Chairman or Specialty Coordinator will determine when Puppy (and Veteran, if applicable) Sweepstakes rules are to be provided to the Show Chairman or Specialty Coordinator.

Event Coordinator notification of the all-breed club, location and dates are required. An application should not be submitted if your event dates conflict with any other APC event. The EC will let you know if there is a conflict with any other event. Your dates may NOT conflict with the American Pointer Club National Specialty or Westminster.

After obtaining all the information needed, submit an APC supported entry application to the APC EC no later six (6) months prior to the show. All applications must be approved by the APC Board.

**GENERAL GUIDELINES**

1. The American Pointer Club, Inc. (APC) may support the entry of Pointers at all-breed shows that are held in conjunction with its National Specialty.

2. The APC will consider any request for two supported entries (conformation) per local Pointer club or group per year.

3. The supported entry should be held at a venue with good spectator attendance. It is preferred that the site remain the same from year to year so that the exhibitors and spectators can identify the show as an APC supported entry. Hosting clubs/groups must indicate in the premium and the catalog that the American Pointer Club, Inc. is the sponsor of the supported entry (not the hosting club or group).

4. If two or more applications for APC supported entries are received for the same dates, they can all be approved if they are in separate APC divisions and/or are geographically distant from each other (greater than 200 air miles in distance).
5. Applications for supported shows should be received by the APC Event Coordinator (EC), no later six (6) months prior to the scheduled event – this helps to ensure that the show information is posted on APC’s website in a timely fashion, and that the host club/group has time to prepare with the all-breed club, judge(s) and AKC for the event. Applications received within six months of the closing date risk not being approved! Preference for a particular date will be given to a club/group that hosted an APC supported entry on that date in the previous year and submitted an application for the following year’s event prior to six months of that date.

6. Upon request, an email list/mailing labels of your area’s membership may be available from the Recording Secretary, for announcing the supported event to the region. The APC will encourage, via advertising on its website and newsletter when possible, its members to support the supported entries as they exist – thus good lead times for event scheduling allow broader promotion of the event in APC’s advertising media.

7. Once the EC has approved an event date for APC’s calendar, the EC will send the form to the APC Board for approval. Once approved by the Board, the Event Coordinator will submit the appropriate application, with judges if there is a sweepstakes, to either the Show Chairman or Specialty Coordinator, if required, and the approval letter to the submitting group.

   The supported entry may:
   a. Support the entry in the regular classes only, or
   b. Support the entry in the regular classes and hold a Puppy Sweepstakes, or
      (Sweepstakes guidelines must be followed)
   c. Support the entry and hold a Puppy & Veteran Sweepstakes.
      (Sweepstakes guidelines must be followed)—
   d. Support obedience entries at that show (along with any of the above)

The APC, at their supported entries, will donate a plaque/trophy with APC emblem for BEST of WINNERS. The EC will contact APC’s Awards Chairperson to order the APC-emblem trophies. The Awards Chairperson will have the APC-emblem trophies sent to the hosting club/group’s event contact.
It will be the hosting club/group’s responsibility to purchase and deliver trophies for any other placements. Whenever possible, a Pointer-related trophy should be offered

8. APC encourages participation of Pointers in obedience and other companion events.

9. When Sweepstakes are offered, the APC Board will be responsible for final approval of the proposed Sweepstakes judge. Upon approval of the Board, the Event Coordinator will submit the application on line or by mail.

10. However, when securing/suggesting a supported entry judge, Sweepstakes or Regular, it must be understood that APC provides no compensation to supported entry judges.

11. Hospitality: Ringside hospitality is encouraged and appreciated by exhibitors.

12. Results: The event contact must submit a copy of the results to the EC within one month of the event. The event contact must submit results of the BOB, BOW, BOS, Select Dog/Bitch, WD, RWD, WB, RWB, AOM and Sweepstakes winners to the newsletter (see report sheet). Future approval will be granted as warranted based on entries and conduct of the event – including timely submission of required post-event materials and monies/receipts to the Treasurer. At least a three-point major in each sex is desired. The event contact should also provide a completed Supported Entry Event Report to the Board after the event.

13. The host club/group is responsible for timely submission of all required documentation, receipts, reports, distribution of monies to APC for sweepstakes and incentives – as appropriate and return of monies and APC trophies not awarded or expended. A final expense report must be submitted to the APC treasurer within one month of the conclusion of the event. All monies paid by or to the APC must be accounted for and have appropriate receipts/documentation included. A supported entry budget template spreadsheet is available for your use. It can be modified as needed for your event.

14. Note that APC must give its written approval to AKC for any local Pointer club AKC event where points and/or titles can be earned except for hunting tests and non-APC supported entries – all local club specialties, obedience trials, field trials, etc. must have approval by the sponsoring breed club’s AKC breed parent club. In addition, all APC-hosted or supported events – such as APC conformation shows, APC field trials, APC hunting tests, etc. -- must have APC approval.
15. Local Pointer clubs are encouraged to send information on their upcoming club events to the APC EC and Pointer Points editor for inclusion on APC’s website and in Pointer Points magazine or newsletter. Also, local Pointer clubs are encouraged to send timely reports/results of local club events to the newsletter editor for inclusion in next edition.

For additional information regarding the APC supported entry process, please feel free to contact the APC Event Coordinator. Enjoy your supported entry!
