2018 Obedience Statistics

American Pointer Club Obedience Rating System

The APC combines points from the Schuman and Delaney obedience rating systems to calculate points for the APC obedience rating system. All Pointers that compete in AKC obedience trials are recorded (the owners are not necessarily APC members). Scores are counted from Jan 1st through December 31st. The Delaney System awards points for high in trial or class placements only. All regular obedience classes are eligible. One point is earned for each dog defeated (eg; if you are awarded 1st place in a class of 6 you earn 5 pts.) The Schuman System awards points for each time a dog earns a qualifying score in the advanced AKC classes of Open and Utility according to the following table:

Score:	Points	Score:	Points:
200	8	185-189.5	4
198-199.5	7	180-184.5	3
195-197.5	6	175-179.5	2

APC FIELD AWARDS 2018

For each placement, points are determined by the number of starters defeated multiplied by the weight number for that placement. Four for first place, three for second, two for third and one for fourth place. Points from placements in the AKC Gun Dog Championship and the APC National Championship are multiplied by two. A Pointer must be owned or co-owned by a member of APC for the year in question to be eligible for APC's Field Trial Awards.
